When learning to read is fun, kids want to learn.

Headsprout grows young readers through a series of Web-based, animated lessons - available at [www.headsprout.com](http://www.headsprout.com) - each taking about 20 minutes to complete. While kids have fun as they learn, the sophisticated technology at the heart of Headsprout Reading Basics systematically teaches phonics and other fundamental skills important to reading success.

Reading Basics also adapts to your child's pace as it teaches - which means it automatically adjusts to individual strengths and weaknesses, and tracks progress throughout the program.

Encourage your child's progress, read to your child, and praise your child's reading success. Children develop confidence, independence, and fundamental reading skills as they progress through the program.

This fun-to-read short story is one of many available throughout the program.

Reading - your child's future depends on it.
